REMINDERS

NEWSLETTERS

Newsletters will now be published on the Grandstand website and sent out individually via email.

TIMESHEETS

Timesheets MUST be sent through to timesheets@grandstandsccaffold.com.au every Monday BEFORE 12pm. Please ensure hours are submitted in the correct format, using the provided timesheet template.

PPE & UNIFORM

Correct Grandstand uniform & PPE must be worn on site at **all times**. Please contact the office if you are in need of new uniform or PPE.

SITE RULES

Please remember that sites have different rules and regulations. Please ensure you are familiar with the rules specific to your work site and carry your tickets (White Card/ High Risk) at all times. If you have any questions specific to your site, please communicate with your leading hand or supervisor.

BOHEM APARTMENTS

Grandstand were the successful contractors for the Bohem Apartment project in November 2016. The job started in January 2017 and includes a full wrap build of 23 stories. Once the build reaches top level it will be the highest temporary structure in South Australia.

TELSTRA SWING STAGE

AS/NZS 4801 ACCREDITATION

We are pleased to announce that in January, Grandstand gained external accreditation to compliance with AS/NZS 4801, Occupational Health and Safety. This accreditation covers our Labour Hire and Scaffolding operations and took many months to achieve.

This certification makes Grandstand only the second Adelaide-based scaffold company to gain this level of compliance. The systems implemented help reduce the risk of injury to our personnel and others, and will help us win work with prime contractors.

HARD HATS

Being made from plastic, hard hats can be weakened by other chemicals. The solvents used in marker pens and the adhesives on stickers can have a detrimental effect. Please strictly limit the number of stickers you place on your hard hat. There should be one small sticker with your name, plus any stickers needed for the site(s) you are on, and nothing else. There should be no marker pen marks. When cleaning your hard hat, use warm water only. A hard hat is a vital part of PPE so please look after it. It is proven around the world that it could save your life or save you from a serious head injury. If your hat is damaged, please ring our office to arrange a replacement. We will automatically supply you with a replacement hard hat after every 2 years.

FESTIVAL CENTRE BUILDING

Grandstand are pleased to announce that we are the successful contractor to provide scaffolding for roof renovation works on the Adelaide Festival Centre Building. Work will commence in mid-February.
